BORN FROM NATURE

KIDS SHORT SLEEVE T-SHIRT

The **BIOMORPH** Kids Short Sleeve T-Shirt is designed for young outdoor enthusiasts who love exploring nature. Built with the same performance-driven fabric and iconic **BIOMORPH** Camo Pattern as the adult range, this shirt offers lightweight comfort and adaptive concealment suited for global environments — from forests and bushveld to mountains, farmlands, and open fields.

Made from a soft, breathable, moisture-wicking fabric, this shirt keeps kids cool and comfortable while running, hiking, helping around camp, or joining mom and dad on a hunt. The comfortable, flexible fit allows natural movement, making it ideal for both active outdoor days and everyday wear.

Durable stitching and a fade-resistant camo print ensure this shirt stands up to playtime, adventure, and the occasional rough tumble — just like a true young hunter would want.

The perfect choice for the next generation of the **BIOMORPH** Pack.

KEY FEATURES

- Comfortable kid-friendly fit
- Lightweight, breathable performance fabric
- Moisture-wicking technology for all-day comfort and full range of motion
- Soft-touch feel that's gentle on the skin
- Durable stitching built for outdoor wear
- **BIOMORPH** Camo Pattern — adaptive concealment for global terrain
- Fade-resistant print for long-lasting colour

BUILT FOR THE HUNT. BORN FROM NATURE

KIDS LONG SLEEVE T-SHIRT

The **BIOMORPH** Kids Long Sleeve T-Shirt is designed for young explorers who love spending time outdoors. Using the same advanced performance fabric and world-adaptive **BIOMORPH** Camo Pattern as the adult range, this long sleeve shirt provides lightweight protection and everyday comfort—ideal for global environments like forests, bushveld, mountains, farmlands, and open plains.

Built from a soft, breathable, and moisture-wicking performance material, it keeps kids cool, dry, and comfortable during active play or long days out in the field. The comfortable, flexible fit moves naturally with the body, ensuring freedom of movement whether they're hiking, scouting with mom or dad, or helping around camp.

The long sleeves offer additional protection from the sun, cool breezes, insects, and scratchy branches—making it the perfect choice for adventure-ready kids. With rugged stitching and a fade-resistant camo print, this shirt is made to handle the rough and tumble lifestyle of young hunters.

KEY FEATURES

- Comfortable athletic fit for active kids
- Lightweight, breathable performance fabric
- Moisture-wicking technology
- Soft-touch feel for sensitive skin
- Long sleeve coverage for added protection
- **BIOMORPH** Camo Pattern adaptable in global terrains
- Durable stitching
- Fade-resistant print for long-lasting clarity

BUILT FOR THE HUNT. BORN FROM NATURE

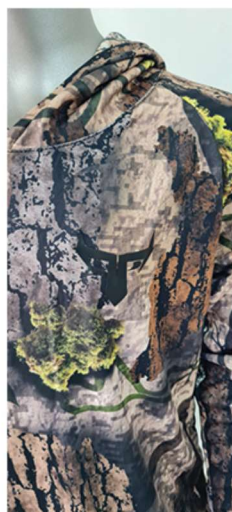

KIDS CAMO LIGHTWEIGHT HOODIE

The **BIOMORPH** Kids Lightweight Hoodie is built for active youngsters who love the outdoors. Whether they're playing outside, joining family hunts, exploring the bush, or staying warm on cooler days, this hoodie delivers the perfect blend of comfort, breathability, and lightweight performance.

Made from soft, flexible, kid-friendly fabric, it offers a comfortable, easy-moving fit ideal for everyday wear. The lightweight design makes it perfect for layering or wearing on its own during mild weather. Durable stitching ensures it can handle climbing, running, and outdoor play, while the clean **BIOMORPH** branding makes young adventurers feel like part of the Pack.

Perfect for weekends, adventures, and everything in between.

KEY FEATURES

- Lightweight and breathable fabric
- Comfortable, flexible fit for active movement
- Soft, kid-friendly interior
- Ideal for layering in cooler conditions
- Durable stitching built for mobility
- Clean **BIOMORPH** branding for the Pack look
- Comfortable hood for added sun protection

BUILT FOR THE HUNT. BORN FROM NATURE

KIDS CAMO PUFFER JACKET

The **BIOMORPH** Kids Camo Puffer Jacket is built for tough, energetic young adventurers who love the wild. Designed using our world-adaptive **BIOMORPH** Camo Pattern, this jacket provides excellent concealment in bushveld, forest, mountain, and open-terrain environments — helping kids feel part of the Pack from the very start.

Featuring lightweight synthetic insulation, it delivers exceptional warmth without limiting movement. Kids stay warm, free, and comfortable whether they're joining the family on a hunt, playing outside on cold mornings, or exploring nature with friends. The wind-resistant outer shell protects against chilly breezes, while the soft interior ensures comfort all day long.

Durable stitching and quality construction make this jacket ready for climbing, running, crawling, and every adventure childhood brings. It's warm, tough, and proudly **BIOMORPH**.

KEY FEATURES

- Lightweight insulated puffer design
- Comfortable fit built for active movement
- **BIOMORPH** Camo Pattern — adaptive concealment for global terrain
- Reliable synthetic insulation for all-day warmth
- Elasticated cuffs to keep warmth inside
- Durable stitching built for outdoor wear

BUILT FOR THE HUNT. BORN FROM NATURE

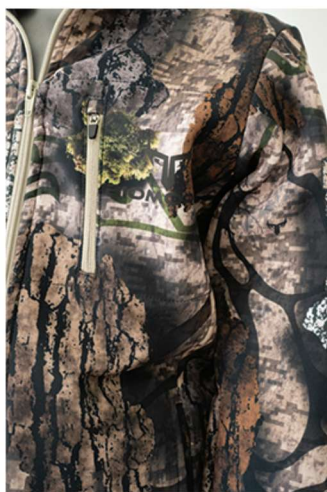

KIDS CAMO SOFTSHELL JACKET

The **BIOMORPH** Kids Camo Softshell Jacket is built for the next generation of hunters, adventurers, and outdoor enthusiasts. Designed with the same performance-driven features as the adult version, this jacket offers wind resistance, quiet movement, and natural stretch, making it perfect for active kids who never stop exploring.

Wrapped in the world-adaptive **BIOMORPH** Camo Pattern, it blends naturally into forests, bushveld, mountains, farmlands, and open plains — giving young adventurers the same concealment and confidence as the grown-ups.

The soft inner lining provides comfort and gentle warmth for cooler mornings or breezy days, while the flexible outer shell allows free movement while playing, exploring, or joining in on family hunts. Rugged stitching and fade-resistant camo ensure durability through climbing, crawling, running, and all the rough-and-tumble that comes with being outdoors.

This is the jacket for kids who belong in nature — wild, free, and ready to run with the Pack.

KEY FEATURES

- Comfortable athletic fit
- Lightweight softshell construction
- Wind-resistant outer shell
- Quiet, flexible fabric for stealthy movement
- Soft inner lining for added comfort
- 2 Chest pockets with zipper closure

PERFECT FOR

- Early mornings & breezy afternoon
- Everyday outdoor lifestyle wear
- Family hunts
- Camping & hiking
- Outdoor play & exploring
- Bushveld, forest, mountain & farmland environments

BUILT FOR THE HUNT. BORN FROM NATURE

KIDS BLACK PUFFER JACKET

The **BIOMORPH** Kids Black Puffer Jacket is built for active kids who love the outdoors, even when the temperatures drop. Designed with high-quality synthetic insulation, it provides excellent warmth without bulk, allowing kids to run, climb, and play freely.

The sleek black colour gives this jacket a versatile look that works in the bush, on the farm, at school, or around town. The wind-resistant outer shell helps block cold air, while the soft interior keeps them comfortable during winter outings, early morning family hunts, or chilly evenings outside.

Durable stitching and a quiet outer fabric ensure the jacket stands up to rough-and-tumble play. Lightweight, warm, and built for movement — it's the perfect winter essential for the next generation of the Pack.

KEY FEATURES

- Lightweight insulated puffer design
- Comfortable, flexible fit for active movement
- Reliable synthetic insulation for maximum warmth
- Wind-resistant outer shell
- Soft interior for all-day comfort
- Elasticated cuffs to keep warmth in
- Durable stitching for heavy outdoor use

BUILT FOR THE HUNT. BORN FROM NATURE

KIDS OLIVE SOFTSHELL JACKET

The **BIOMORPH** Kids Olive Softshell Jacket is designed for active kids who spend their days exploring, learning, and living close to nature. Built from a lightweight yet rugged softshell fabric, this jacket offers excellent wind resistance, natural stretch, and quiet movement — making it ideal for everything from family hunts to outdoor play.

The olive green colour blends naturally into forests, bushveld, mountains, farmlands, parks, and playgrounds alike. Whether they're climbing rocks, chasing wildlife tracks, playing in camp, or joining mom and dad on an adventure, this jacket keeps them warm, protected, and comfortable.

A soft inner lining adds gentle warmth for cool mornings or breezy days, while durable stitching and a tough outer shell ensure it stands up to the bumps, scrapes, and rough-and-tumble that come with being a kid.

This jacket is built for the next generation of the Pack — wild at heart, always exploring.

KEY FEATURES

- Lightweight softshell design
- Comfortable, flexible fit for active movement
- Wind-resistant outer fabric
- Quiet material — perfect for hunting & exploring
- Soft inner lining adds warmth
- Adjustable cuff straps
- 2 Hidden lower front pockets
- 2 Chest pockets with zipper closure
