LADIES SHORT SLEEVE T-SHIRT

The **BIOMORPH** Ladies Short Sleeve T-Shirt is engineered for hunters and outdoor enthusiasts who value comfort just as much as performance. Designed with our signature **BIOMORPH** Camo Pattern, it blends naturally into a wide range of global environments — from African bushveld and European forests to North American woodlands and mountain country.

Constructed from a lightweight, moisture-wicking performance fabric, this shirt keeps you cool and dry during intense stalks or long hours in the sun. The soft-touch stretch material and comfortable athletic fit ensure unrestricted movement, making it ideal for bowhunting, spot-and-stalk rifle hunts, scouting, filming, and everyday outdoor wear.

Wherever your hunt takes you, this shirt provides the comfort and adaptability you need to stay focused.

KEY FEATURES

- Lightweight performance fabric
- Premium moisture-wicking technology
- Ultra-soft stretch fabric for all-day comfort and full range of motion
- Perfect everyday fit — ideal for hunting, scouting, filming, training, or casual wear
- Signature branding for team support
- **BIOMORPH** Camo Pattern — adaptive concealment for global terrain

BUILT FOR THE HUNT. BORN FROM NATURE

LADIES LONG SLEEVE T-SHIRT

The **BIOMORPH** Ladies Long Sleeve T-Shirt delivers the perfect balance of protection, comfort, and performance for hunters who live outdoors. Designed with our advanced **BIOMORPH** Camo Pattern, this shirt blends naturally into forests, bushveld, mountains, farmlands, and open plains across the globe — giving you adaptive concealment no matter where your hunt takes you.

Made from a lightweight, moisture-wicking, soft-touch performance fabric, the long sleeve cut provides extra coverage from sun, cold mornings, and scratchy vegetation while maintaining full mobility. The comfortable athletic fit sits perfectly under bino harnesses, backpacks, jackets, and chest rigs without bunching or restricting movement.

Whether you're bowhunting, glassing long distances, hiking ridgelines, or filming a full day in the field, this shirt keeps you cool, dry, and focused.

KEY FEATURES

- Comfortable athletic fit for long days in the field
- Breathable, lightweight stretch fabric
- Soft-touch feel for all-day comfort
- Soft-touch stretch feel for all-day comfort
- Long sleeve coverage for sun protection & brush resistance
- **BIOMORPH** Camo Pattern — global adaptive concealment

LADIES CAMO LIGHTWEIGHT HOODIE

The **BIOMORPH** Ladies Lightweight Hoodie is built for women who want comfort, style, and performance in one versatile layer. Made from a moisture-wicking, lightweight, and breathable fabric, this hoodie keeps you dry, cool, and comfortable during outdoor activities, training, travel, or relaxed everyday wear.

The flexible material offers a feminine athletic fit that moves naturally with your body — ideal for hiking, scouting, filming, or layering on early mornings in the bush. Soft on the inside and smooth on the outside, it provides just the right amount of warmth without overheating.

With subtle **BIOMORPH** branding, it's perfect for women who proudly run with the Pack, whether they're in the field, at the gym, or living their everyday outdoor lifestyle.

KEY FEATURES

- Moisture-wicking fabric keeps you dry
- Lightweight & breathable material
- Comfortable athletic fit
- Soft fabric for all-day comfort
- Feminine athletic fit for shape & mobility
- Ideal for layering or wearing on its own
- Clean **BIOMORPH** branding for a Pack identity
- Durable stitching for outdoor use

BUILT FOR THE HUNT. BORN FROM NATURE

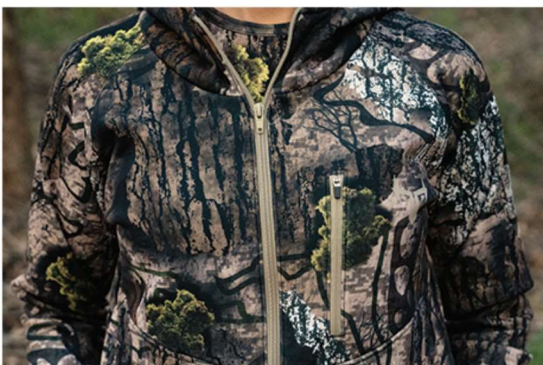

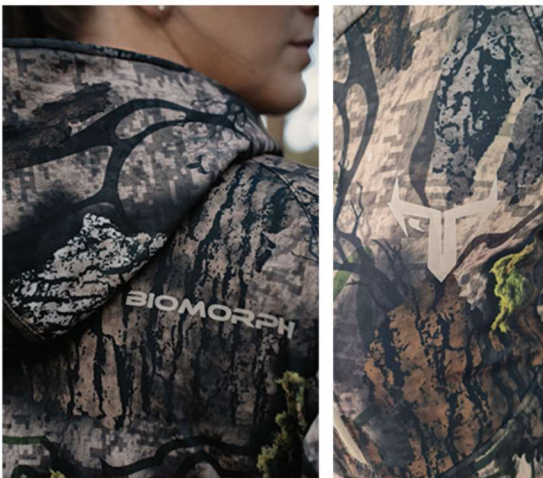

LADIES CAMO HEAVYWEIGHT HOODIE

The **BIOMORPH** Ladies Camo Heavyweight Hoodie is designed for women who don't let cold weather slow them down. Whether you're heading out on a winter hunt, spending long hours in the bush, filming outdoors, or enjoying crisp mornings around camp, this hoodie provides the warmth, comfort, and performance you need. Constructed from a heavyweight, moisture wicking, and breathable fabric, it delivers excellent insulation while still allowing heat and moisture to escape — keeping you warm without overheating. The signature **BIOMORPH** Camo Pattern blends naturally into global environments, offering effective concealment across bushveld, forest, mountain, and farmland terrain.

Designed with a comfortable feminine athletic fit, this hoodie moves naturally with your body and layers easily under jackets or works perfectly as a standalone outer layer. Durable stitching, a warm hood, and a soft inner lining make it a reliable cold-weather essential for women who live the outdoor lifestyle.

KEY FEATURES

- Heavyweight fabric for superior warmth
- Soft interior lining for comfort
- Durable outer construction
- Comfortable athletic fit
- Ideal for layering or standalone wear
- Reinforced stitching for rugged use
- Designed for outdoor performance & lifestyle
- Hidden kangaroo-pockets and chest pocket

LADIES CAMO LONG PANTS

The **BIOMORPH** Ladies Camo Long Pants are built for women who live outdoors, hunt hard, and expect their gear to move with them — not against them. Designed with the signature **BIOMORPH** Camo Pattern, these pants blend seamlessly into global environments including forests, bushveld, mountains, farmlands, and open plains. Crafted from durable yet lightweight stretch fabric, they provide a comfortable feminine athletic fit that allows unrestricted movement whether you're stalking, kneeling, climbing, or glassing. The material is quick-drying, breathable, and tough enough to handle brush, dirt, and rough terrain, making them ideal for both performance hunting and active lifestyle use. The reinforced stitching and flexible waistband add comfort during long sessions in the bush, while the fade-resistant camo ensures long-lasting colour even after heavy outdoor use.

These pants are built for the women who lead the way — strong, confident, and part of the Pack.

KEY FEATURES

- Multiple Pockets including cargo pockets
- **BIOMORPH** Camo Pattern — world-adaptive concealment
- Rugged stitching designed for harsh terrain
- Feminine athletic fit for comfort, mobility & style
- Comfortable flexible waistband
- Ideal balance of durability, mobility, and comfort

LADIES CAMO PUFFER JACKET

The **BIOMORPH** Ladies Camo Puffer Jacket is crafted for women who live and breathe the outdoors. Whether you're joining a hunt, filming in cold conditions, exploring mountain trails, or simply enjoying crisp winter days, this jacket offers exceptional warmth without sacrificing mobility or style.

Featuring high-quality synthetic insulation, it provides reliable heat retention while remaining lightweight — perfect for layering over base layers or under heavier shells. The outer fabric is quiet, wind-resistant, and finished with the signature **BIOMORPH** Camo Pattern, engineered to blend naturally into global environments including forests, bushveld, farmlands, mountains, and open plains.

Designed with a comfortable, feminine athletic fit, the jacket contours naturally to the body without feeling tight or bulky. Whether you're behind the rifle, behind the camera, or out on an adventure, this jacket keeps you warm, comfortable, and concealed.

KEY FEATURES

- Feminine athletic fit designed for comfort & shape
- Lightweight insulated puffer construction
- High-quality synthetic insulation for maximum warmth
- Wind-resistant and quiet outer shell
- Elasticated cuffs to lock in warmth
- Durable stitching for rugged outdoor use
- 2 Side Pockets
- Fade-resistant camo for long-lasting colour

LADIES CAMO SOFTSHELL JACKET

The **BIOMORPH** Ladies Camo Softshell Jacket is designed for women who want comfort, protection, and style in one versatile outdoor layer. Built with lightweight yet durable softshell fabric, this jacket offers impressive wind resistance, quiet movement, and natural stretch, making it ideal for active hunting, guiding, filming, or adventure.

Wrapped in our world-adaptive **BIOMORPH** Camo Pattern, it blends seamlessly into forests, bushveld, mountain ridges, farmlands, and open plains across the globe. The feminine athletic fit contours to the body without restricting movement, ensuring you stay comfortable whether you're stalking, glassing, walking, or working in camp.

The inner lining provides gentle warmth while still maintaining breathability, making it perfect for cooler mornings, late afternoons, or layering in colder conditions. Rugged stitching, durable zippers, and a quiet outer shell complete the design — built tough for women who live outdoors.

KEY FEATURES

- Comfortable athletic fit
- Lightweight softshell construction
- Wind-resistant outer shell
- Quiet, flexible fabric for stealthy movement
- Soft inner lining for added comfort
- High-quality full-length zipper with smooth operation
- Adjustable cuff straps
- 2 Hidden lower front pockets
- 2 Chest pockets with zipper closure

LADIES BLACK PUFFER JACKET

The **BIOMORPH** Ladies Black Puffer Jacket blends outdoor performance with clean, modern style. Whether you're joining a hunt, filming in chilly conditions, exploring mountain trails, or enjoying a crisp winter day, this jacket provides dependable warmth without the heavy bulk.

Designed specifically for women, the jacket features a comfortable, flattering athletic fit that contours naturally to the body while still allowing full freedom of movement. Lightweight synthetic insulation provides excellent heat retention, while the wind-resistant outer shell keeps cold air out during active outdoor use.

The sleek black design makes it versatile — just as at home in the field as it is in town. Durable, quiet, and built for comfort, this jacket is a must-have winter essential for active outdoor women.

KEY FEATURES

- Feminine athletic fit for comfort & shape
- Lightweight insulated puffer construction
- Premium synthetic insulation for warmth
- Wind-resistant outer shell
- Quiet fabric ideal for hunting
- Full-length zipper
- Elasticated cuffs to keep warmth in
- Durable stitching for heavy outdoor use
- Sleek black design — versatile for field and lifestyle wear

BUILT FOR THE HUNT. BORN FROM NATURE

LADIES OLIVE SOFTSHELL JACKET

The **BIOMORPH** Ladies Olive Softshell Jacket is designed for women who want a stylish, functional, and versatile outer layer built for the outdoors. Crafted from premium softshell fabric, this jacket provides excellent wind resistance, natural stretch, and quiet movement — ideal for hiking, hunting, filming, guiding, or day-to-day outdoor lifestyle.

The sleek olive colour blends naturally into nature, making it perfect for bushveld, forest, mountains, farmlands, and cooler weather conditions. The feminine athletic fit contours to the body without restricting movement, allowing you to stalk quietly, climb comfortably, or work around camp with ease.

A soft inner lining adds gentle warmth, while still remaining breathable enough for active use. Rugged stitching, high-quality zippers, and durable materials ensure this jacket is ready for hard use, season after season.

Whether you're on a hunt, behind the camera, or exploring the outdoors — this softshell is built to perform.

KEY FEATURES

- Feminine athletic fit for comfort & shape
- Lightweight softshell construction
- Wind-resistant outer layer
- Soft inner lining for added comfort
- High-quality full-length zipper
- Adjustable cuff straps
- 2 Hidden lower front pockets
- 2 Chest pockets with zipper closure

LADIES KHAKI LONG PANTS

The **BIOMORPH** Ladies Long Pants – Sand are designed for outdoor women who demand comfort, durability, and unrestricted movement. Whether you're on a hunt, scouting new ground, filming in the field, or simply living an active lifestyle, these pants deliver performance you can trust.

Crafted from a premium, lightweight stretch fabric, they provide a comfortable, feminine athletic fit that moves naturally with your body. The Sand colour blends seamlessly with natural environments like bushveld, forest floors, arid plains, farmlands, and mountain terrain — making them versatile for both hunting and outdoor lifestyle wear.

Reinforced stitching, flexible stretch panels, and quick-drying material make these pants ideal for long days outdoors. Designed to handle brush, dirt, rocks, and movement with ease, they're built tough while still being extremely comfortable.

KEY FEATURES

- 6 Pockets including cargo pockets
- Lightweight, breathable stretch fabric
- Reinforced stitching for rugged outdoor durability
- Feminine athletic fit — flattering, flexible & comfortable
- Flexible waistband for long hours of wear
- Ideal balance between toughness and comfort
- Natural stretch for full mobility
