

BIOMORPH

CATALOGUE

BUILT FOR THE HUNT
BORN FROM NATURE

BIOMORPH is more than just camouflage.
It's a living concept.

The name itself tells the story:

BIO means life, and **MORPH** means to take shape.

Together, they form a system that adapts, evolves, and blends seamlessly with the natural world around you.

Every curve, color, and contour of **BIOMORPH** is inspired by the lifeforms and textures found in the wild - bark, rock, grass, and shadow - forming a pattern that moves with the rhythm of nature itself. Whether you're stalking through dense bushveld, glassing across open plains, or waiting in the stillness of dawn, **BIOMORPH** apparel transforms you into part of the landscape - not seen, but felt.

Engineered by passionate hunters for outdoor enthusiasts, each garment in the **BIOMORPH** range delivers a perfect balance of comfort, durability, and versatility. Built to withstand the harshest elements, yet designed for breathability and unrestricted movement, this gear performs when it matters most. **BIOMORPH** isn't just what you wear, it's who you become out there.

Adapt. Blend. Take shape.

BIOMORPH CAMO BACKPACK 20L

The **BIOMORPH** Camo Backpack – 20L is built for hunters and outdoor enthusiasts who demand practical storage and effective concealment in one compact design. Featuring the signature **BIOMORPH** Camo Pattern, this backpack blends seamlessly into bushveld, forest, mountain, and open-terrain environments across the world.

With a functional 20-liter capacity, it offers the ideal size for day hunts, scouting missions, range days, filming sessions, hiking, or daily use. It's large enough to carry your essentials — water, calls, ammunition, binoculars, camera gear, and extra layers — while remaining lightweight and agile.

Constructed from durable materials with reinforced stitching, this pack is designed to handle tough outdoor conditions. The ergonomic padded shoulder straps ensure comfort during extended wear, while multiple compartments allow for organized and efficient gear storage.

Stealth, function, and reliability — all in one Pack-ready design.
