Rangefinders – Bushnell

Broadhead Laser Rangefinder

R7,999.00

The most accurate rangefinder designed specifically for the archery market, with consistent results across all target colours and types. Class-leading 0.3-yd accuracy out to 150 yards, high-speed ranging, and the ActiveSync™ display set the new standard for archers.

6x25 R5 Rangefinder, Ranger Green, 2000, Box 5L

R5,999.00

The R5 2000 AB Laser Rangefinder gives accurate ranges quickly out to 2000 yards. It also features Bluetooth connectivity with built-in Applied Ballistics Ultralite for a ballistic solution out to 800 yards.

6x25 R3 Rangefinder, Ranger Green, 1200, Box 5L

R4,499.00

The R3 1200 Laser Rangefinder gives accurate ranges quickly out to 1200 yards. Perfect for both archery and rifle use with 1 yard accuracy throughout the entire ranging distance.

6x25 Engage 1300 Black LRF – Advanced Target Detection

R4,999.00

50% larger objective lens paired with an all-glass optical system bring more light to your eye for a brighter image, adding critical time to your hunt at dusk and dawn. Fully multi-coated optics with ultra wide band coatings provide bright, true-to-life colours. Ranges up to 1,300 yards (Prime 1300) to a reflective target.
