360° SWIVEL SHOOTING CHAIR

Precision Comfort for the Serious Hunter

Full 360° rotation • Height adjustable • Left- or right-hand configuration • Adjustable, reversible armrests • Dual cup holders • Caller & light mount

Swivel Shooting Chair

A fully adjustable, rotating shooting chair built for long sits in the field or hide. Engineered in heavy-duty steel with a durable weatherproof upholstery finish, the chair rotates a full 360° on its base and configures to suit any hunter, left- or right-handed.

Rest arm and padded seat detail

Front view — fully assembled chair

Key Features

- 360° swivel base for smooth, silent tracking of moving targets
- Seat height is fully adjustable to suit hide, blind or ground-level setups
- Rest arm and gun cradle configure for left-handed or right-handed shooters
- Armrests adjust higher or lower to match arm length and shooting position
- Armrests also slide forward or backward for the ideal support point
- Two integrated cup holders keep drinks close and within reach
- Dedicated mounting point for a caller unit
- Dedicated mounting point for a light
- Padded backrest, seat and armrests in weather-resistant upholstery
- Heavy-duty welded steel frame with a wide, stable footing
